Changing of Times

BY FR. BISMARCK CHAU

"When you see a cloud rising in the west you say immediately that it is going to rain—and so it does; and when you notice that the wind is blowing from the south you say that it is going to be hot—and so it is. You hypocrites! You know how to interpret the appearance of the earth and the sky; why do you not know how to interpret the present time? (Lk 12, 54)

I believe that all of us can say that our youth, growing up was completely different than today's. Perhaps we can say the same about our communities, society in general, our country, and the world. Times are changing and if I may say, the change is not for the best.

Politics has become a game of power and personal attacks on the person running for election, the more dirt they find on the opponent, the faster they can be defeated. Respect for the person and difference of opinion has been lost. Many countries in Latin America are experiencing totalitarianism where freedom of speech is non-existent and anyone who opposes the government is imprisoned or exiled. Other governments are corrupted, working side by side with Narcos or Gangs

leaders making it impossible for the people to live in peace and security. These changes in Government are causing a multitude of people to flee their country to the United States, seeking a better life. Thousands of people from Central and South America risk their lives walking through the jungles where many women and children are raped, kidnaped, and sold into slavery by the so quickly growing multimillion-dollar business of Human Trafficking. The hunger for power is causing chaos in the entire world.

The war in Ukraine continues and just recently almost 3 weeks ago the war in Israel where hundreds of innocent lives are being affected by this constant disagreement of whose land Israel/Palestine is. Terrorists are taking advantage of this situation to create even more division among the people and the world. While demanding justice, many turn their eye away from the wrong one is doing to stress the wrong of the other. That is not justice. Students all around the US are protesting against Israel to the point of becoming insensitive to the other. Have we lost our humanity? Are we reverting to prehistoric times? It seems as if we have not learned from the past; we still do not know how to interpret the present time.

From the beginning of time, man's sin has been "to reject God". The more the world tries to take God out of the picture, the worse the world becomes. When man rejects God, he makes himself a god, a selfish god. This

fact gives an answer to the solution to the problems in the world, bring God back into the picture!

Only when man realizes that he is not God and that without God there is only disorder, then and only then order will return to humanity. But are we smart enough or humble enough to accept that reality?

Cambio de los Tiempos

POR PADRE BISMARCK CHAU

"Cuando ustedes ven que una nube se va levantando por el poniente, enseguida dicen que va a llover, y en efecto, llueve. Cuando el viento sopla del sur, dicen que hará calor, y así sucede. ¡Hipócritas! Si saben interpretar el aspecto que tienen el cielo y la tierra, ¿por qué no interpretan entonces los signos del tiempo presente?" (Lu 12,54)

Creo que todos podemos decir que nuestra juventud y nuestro crecimiento fueron completamente diferentes a los de hoy. Quizás podamos decir lo mismo de nuestras comunidades, la sociedad en general, nuestro país y el mundo. Los tiempos están cambiando y, si se me permite decirlo, el cambio no es para mejor.

La política se ha convertido en un juego de poder y ataques personales a la persona que se presenta a las elecciones; cuanta más suciedad encuentre sobre el oponente, más rápido podrá ser derrotado. Se ha perdido el respeto a la persona y la diferencia de opiniones. Muchos países de América Latina están experimentando un totalitarismo donde la libertad de expresión es inexistente y cualquiera que se oponga al gobierno es

encarcelado o exiliado. Otros gobiernos están corruptos y trabajan codo a codo con líderes de narcos o pandillas, lo que hace imposible que la gente viva en paz y seguridad. Estos cambios de Gobierno están provocando que multitud de personas huyan de su país a Estados Unidos en busca de una vida mejor. Miles de personas de Centro y Sudamérica arriesgan sus vidas caminando por las selvas donde muchas mujeres y niños son violados, secuestrados y vendidos como esclavos por el negocio multimillonario de tan rápido crecimiento del Trafico de Personas. El hambre de poder está provocando el caos en todo el mundo.

La guerra en Ucrania continúa y recientemente, hace casi 3 semanas, la guerra en Israel, donde cientos de vidas inocentes están siendo afectadas por este constante desacuerdo sobre de quién es la tierra Israel/Palestina. Los terroristas se están aprovechando de esta situación para crear aún más división entre la gente y el mundo. Mientras exigen justicia, muchos desvían la vista del mal que uno está haciendo para resaltar el mal del otro. Eso no es justicia. Los estudiantes de todo Estados Unidos están protestando contra Israel hasta el punto de volverse insensibles a otros. ¿Hemos perdido nuestra humanidad? ¿Estamos volviendo a tiempos prehistóricos? Parece como si no hubiéramos aprendido del pasado; Todavía no sabemos cómo interpretar el momento actual. Desde el principio de los

tiempos, el pecado del hombre ha sido "rechazar a Dios". Cuanto más intenta el mundo sacar a Dios del panorama, peor se vuelve el mundo. Cuando el hombre rechaza a Dios, se convierte en un dios, un dios egoísta. Este hecho da una respuesta a la solución de los problemas del mundo: ¡traer a DIOS nuevamente a nuestras vidas!

Sólo cuando el hombre se dé cuenta de que no es dios y que sin Dios sólo hay desorden, entonces y sólo entonces el orden volverá a la humanidad. Pero ¿somos lo suficientemente inteligentes o humildes para aceptar esa realidad?
